

Glacier Point is about 8 miles from the Bridalveil Creek Campground.

To get to the observing area at Glacier Point:

1. Coming in on Glacier Point Road - turn right at the service road.
2. Follow the service road and stay to the right as you approach the amphitheater (traffic flow is CCW).
3. You can unload at the top of the amphitheater. After unloading vehicles must be moved to the parking lot. The road must stay clear for emergency vehicles.
4. Camping is not allowed at Glacier Point although astronomers are permitted to stay the night.
5. Open fires are not allowed but Coleman type camp stoves are OK for heating coffee, hot chocolate...

**Important: Do not bring food to the observing area. Food can be kept in food lockers in the parking lot. Bears are a real danger. They WILL and HAVE come looking for your food. Help keep your fellow astronomers safe and store your food safely.**

Thanks to Chris Angelos for the map
